A great reminder to be what/who we are in LE

VERY GENUINE!! Great intensity

What can I say about Dr. J. His passion, knowledge, tenacity, thoughtful personality – drive to help improve people is outstanding. He opened my eyes to what I can become – what I can do for my employees

I really enjoyed it. It was next level leadership training. That's what we need.

Whatever we paid, it was worth it. Incredibly insightful

Very very effective course, as a senior Trooper, looking to possibly step up/promote, it makes you think, particularly AST how you're already leading

Great stuff, energy and thought provoking. I gained much in encouragement, priority, and skill set preparedness

Outstanding!

Very good alternate supervisory techniques, especially if you have not had any training in this area. Seems like "servant leadership" with a slightly different twist

MAGNUS Leadership pointed out several things I'm doing as a chief, but also let me know how to improve the department as a whole

Dr. Javidi passed his knowledge efficiently and effectively. He is engaging and his energy shows he is passionate in his teaching

Very passionate about the subject, made me think of those that work for me and myself and family life

Excellent instructor

I really took a lot away from this presentation. As a non-sworn member of a police department I am able to apply this to my section

I really enjoyed this class. Dr. Javidi is a great speaker and the information is very applicable to me even as a civilian employee (manager). It made me think about a lot of things

Mitch has an energy that is contagious. He is grounded and passionate which makes you want to promote and live by MAGNUS
