Comments (write on the back if you need extra space):

I had no idea what to expect from magnus course. I thought it was going to be one of those lendership classes like as ICS class, Infect I was covering for an officer who could not attend. END RESULT - BEST Leadership class I have taken.

I looked around the ROOM, AND NO ONE fell ASLEEP. MITH HAD everyone'S affection. Eyes wide open. It was captivating.

Mitch: excellent delivery, presenter, inspirational, I am glad his wife supports his travers leftorts - he is an incredible connector, leader. I was surprised how much I took away from the course

The connecting hearts to head is a common topic that many therapists use. I felt like I was in a therapy session, Good stut

About 10 tyrs ago, I took a class in Myers Briggs. I see some similarities withis course. I think this was better.

The 3rd day was great although Mitch wasn't present, Chief Garcia and Chief Dominguez did great.

Thank you so much for the coffee. The donuts Looked awasome. It was great morale to come in the mornings and see the coffee, healty appreciated that.

I loved the real-life examples that connected everything together. Great use of breaks, I think 3 days was good. I would have probably burnedout by DAY 4.

Thank you. I want to practice my OVER + maguus to make the Coast Gump a Better organization.
