This class was well beyond my expectations. I have been in a slump for several months and this has. there could not have been better timing. The material is life changing. Marc and Dave did an amazing job at presenting the material and connecting with the class. I feel very fortunate that my Department selected me to attend. Thank you Marc and Dave for giving me these tools to improve my quality of life.

Thank you for your participation. Thank you Marc

The course came at a perfect time w/ my recent promotion. All skills can be applied and I am able to figure out my style and what I could work on to be a leader that is successful and inspires my team to do well. I would hope the course is offered to more people to allow them to help see why some things work as they do and how everyone responds differently.

Thank you for your participation.

Both presenters did well, and provided us w/ a positive learning experience.
